PREPARATORY SCHOOL FOR BOYS

Your Son's Foundation For Life.

12 May 2010

Dear Parents

We have had requests from some parents for us to immunise their children against measles. Fortunately we have just received extra stock from the Health Department and so can proceed with an additional immunisation drive.

If your son did not have the measles vaccine during the campaign, and you would like us to give the vaccine to him, please fill in the consent form below.

We will be giving the injections on Friday 21 May 2010
Please return the consent form before the 20 May 2010

Yours sincerely
